

**Lesson 1 (Big Data)** Where does big data come from? In the table below, list five distinct and important sources of big data. Rank the big data sources by the following characteristics:

	Volume	Velocity	Variety	Veracity	Value
1	Database	Database	Media	Database	IoT
2	Media	Web	Database	Cloud	Web
3	Cloud	IoT	Cloud	Web	Database
4	Web	Cloud	Web	IoT	Media
5	IoT	Media	IoT	Media	Cloud
